PRESIDENT'S MESSAGE

It is a great pleasure for me to be your President for 2024 and I hope it is going to prove to be a successful year on all fronts. Agriculture of any sort can be a challenging business – and never seems to get any easier – not least with the extremes of weather and changing regulations that we have to deal with. And yet the agricultural community is made up of some of the most hard working and capable people, who get on with the job and make things happen. Going forwards, we must all encourage and support the next generation to continue this great work.

I am sure our Annual Ploughing Match and Show this year will demonstrate the skills and knowledge that our local Berkshire agricultural society has to offer. There will be plenty to entertain and interest all our visitors, not just the ploughing match itself but also the many other rural pursuits which will be on display. Good luck to all the ploughmen in this year's competition. And thanks to all the many helpers who have worked hard this year to bring together another great Show.
